

Francisco E. Navarro

Data Analyst / Data Scientist

E-mail: franeze92@gmail.com

LinkedIn [Francisco E. Navarro](#)

Portfolio: [GitHub](#)

Summary

Transitioning from academia to industry, with strong expertise in data analysis, data visualization, and statistical analysis. Proficient in SQL, Python, R, and BI tools (Tableau, Power BI) for data exploration, modeling, and storytelling. Experienced in analyzing large datasets, deriving insights, and presenting findings. Skilled in A/B testing, regression analysis, statistics and modeling. Recently earned the Google Advanced Data Analytics Certificate, enhancing my expertise in machine learning, predictive modeling, and data-driven decision-making.

Skills

- Strong analytical skills
- Relational databases and SQL
- Exploratory Data Analysis (EDA)
- Statistical Analysis
- Regression analysis
- Modeling
- Machine Learning
- Strong data visualization skills
- Python, R, Power BI and Tableau

Experience

CONICET, Bahía Blanca, Argentina *Doctoral Researcher* 2019 - 2024

- Improved biomass yield of microalgae cultures by 30-95% and increased lipid content by 30% through detailed analysis and precise management of nutrient levels and salinity.
- Proficient in research, experimental design, statistical analysis and extensive bibliographic reviews.
- Published research findings in peer-reviewed journals and showed strong communication skills through oral presentations at national and international conferences, contributing to the scientific community.

Fraiel-Pastelería *Pastry Sales Entrepreneur (Hobby)*

- Managed all aspects of a home-based pastry business, applying strong time management skills.
- Developed a diverse menu with attention to detail, creating high-quality pastries and baked goods.

Data Analytics Projects

- **TikTok Video Classification:** Developed a logistic regression model and an random forest classifier to predict whether TikTok videos presented claims or opinions, improving the triaging process for human review.
- **Cyclistic Bike-Share Analysis:** Used SQL to analyze bike usage patterns and identify key differences between casual riders and annual members, providing actionable insights for increasing membership conversion.

Education

Universidad Nacional del Sur, Argentina

[Graduate Courses](#)

- PhD in Biology 2019 – 2024
- Higher Diploma in Renewable Energy Economics 2021 – 2022
- Degree in Biological Sciences (6-year program) 2010 – 2017

Certifications

 Google Business Intelligence – Google
IDWT6KO4QB8SQ0

 Google AI Essentials – Google
RU6H2USXJID2

 Google Data Analytics – Google
AHGYMF4MEHS

 Google Advanced Data Analytics –
Google 7H6IZF3C1V1F

Awards

Best Oral Presenter at the XIV Argentine Phycology Symposium (2023) - Argentine Phycology Association
